1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 through 8 are rejected under 35 U.S.C. 102(b) as being anticipated by Nakamura et al.

See Figure 2, noting elements 104, 104a and 102. See also column 6 lines 1-47.

The device for processing being a for bank-note like objects is considered an intended use. Further, since the sheets of Nakamura et al are flat flexible sheets like bank-notes they are bank-note like objects.
